

G4X Mobile Card Reader

powering Secure Mobile Card Acceptance

The key hardware component to ROAM's mobile commerce platform, the G4X Mobile Card Reader is the latest innovation in secure mobile card acceptance technology. Compatible with more mobile devices than any other secure mobile card reader on the market today, the G4X offers the highest levels of security, unmatched reliability and performance, and a comprehensive range of custom branding options.

- End-to-end encryption at card swipe
- Auto device detection enabling plug and play pairing
- Support for iOS, Android™ and BlackBerry® mobile devices
- Auto power management maximizing device battery

G4X

mobile card reader
